

Extended Time Guarantee

We're excited to have your family as part of our martial arts community! We'd like to take a moment to explain our Extended Time Guarantee to ensure clarity and flexibility regarding your student's training.

When you sign up, you're purchasing a program that runs for a set number of months and pricing, rather than a month-to-month membership. This distinction gives you options for scheduling without losing any value in case of missed classes.

Key Points:

1. ****Make-Up Classes****: If your child misses classes due to illness or other short-term absences, they can always make them up. This way, they stay on track and get the classes needed to graduate.
2. ****Extended Time for Longer Absences****: If you know you'll be out for less than a month, simply schedule additional classes before and after your absence. This keeps your child's progress steady.
3. ****Freezing Time for Extended Absences (30 Days or More)****: If your family needs to pause training for a month or longer, just fill out our Extended Time Form. **This freezes the program time—not the payments**—so when you're ready to resume, the time is still available for you.
4. ****Your Investment Is Protected****: A family on our 12-month Basic Trial Program could, in theory, spread their attendance over many years. You pay for the program during the first year, but your training time remains accessible until your student completes it.

This flexibility is something we offer to recognize that life is busy—whether it's for sports seasons, vacations, or other commitments. Unlike other clubs or fitness centers, we understand that these situations arise, and we're here to support your family's journey in martial arts.

Thank you for trusting us to guide your child's growth and success. If you have any questions or need to arrange for an extended absence, feel free to reach out.

Warm regards,

Howard Munding, Owner
