

Congratulations

The summit is within sight.

You have reached a vital point in your journey.

Now is the time to become even more dedicated and motivated.

Black Belt is within your grasp.

The ingredients of success are knowledge in your mind, honesty in your heart and strength in your body. We must constantly work on all three. Good luck in your training over the next several months.

Your goal should be to become a **Black Belt** at a higher level or to become an Instructor.

Our goal is to help you achieve it. If there is anything that we can do to help with your progress, please don't hesitate to ask.

Fast food restaurants are nearby if they need lunch, but we ask that they do not bring food or drinks into the dojang during testing. The length of testing is hard to determine so please let guests know to plan for the majority of the day.

This celebration is a pot-luck dinner so please bring your favorite dish or see the poster for what others are bringing.

Please ask your guests to wear business-casual attire.

***You possess the habits and characteristics of a true Leader
Congratulations, again. You are definitely a winner.***

Tea Ceremony Heart Gift

To dedicate the completion of their journey, each black belt candidate is granted the privilege and honor of participating in the black belt tea ceremony. Each Black Belt will need to prepare a small gift to have ready for the ceremony. Each candidate, as they are introduced, entrusts a small “heart gift” to one of the guards, as this is to be presented to their Instructor as a small token of affection and appreciation for their guidance and assistance throughout the years.

The candidate is then escorted by the guards, who, showing their respect with the candidate, pour a cup of ritualistic tea, the traditional Oriental drink of distinction. The candidate, after drinking the tea, is then invited to place the prints of their punching knuckles into a sheet of ceremonial rice paper, an act which represents the commitment to their training and their fellow black belts. These are their “Martial Arts fingerprints” if you will, a registry of who they are and the remarkable deed they have accomplished, an achievement no one will ever be able to take away from them. The candidate then signs and dates their entry, and returns to their place among their peers, enjoying the fulfillment of their first major martial arts goal.

We hope you will help support these black belt candidates, and enjoy this ceremony. More importantly, we hope that all of the martial arts practitioners follow through on their goal to be a part of this ceremony in the future.

(Please feel free to copy this sheet and give it to your friends & family that will be attending.)
