

Dear \_\_\_\_\_,

Today's ELF SKILLZ Lesson is all about Creativity – Create something for your teacher!

Do you know what creativity means? It means to use your imagination and make something that you can then share with someone special!

When you create something for another person, then you will brighten their day. Many teachers love creative gifts and some even keep those gifts long after you are their student.

Below is a list of things you can create for your teacher.

Which creative project would you like to make for your teacher...

- A painting?
- A card?
- Some decorated cookies?
- A decorated holiday ornament?

Today I challenge you to create something and give it to your teacher. Pick from the list above, or come up with your own creative idea.

*If you accomplish this task, then you will get 5 points, and remember, when you have **20 points** you get a prize!*
