

Dear _____,

Today's ELF SKILLZ Lesson is all about Cooperation – Getting Ready!

Do you know what cooperation means? It means that you work together with others and follow the rules without getting angry...

It's important to have cooperation at home, especially when it's time to get ready to go somewhere.

Let's try a game to see if you know what cooperation is...

- Do you have cooperation if never listen the first time your parent says brush your teeth?
- You can get dressed on your own?
- You complain when it's time to stop playing and go somewhere?
- You are a first-time listener when it's time to leave the house?

Today I challenge you to cooperate when it's time to get ready to go somewhere!

Once you have **20 point** then I will leave you a gift
