## Enthusiasm

# Enthusiasm is the key to advancement

Enthusiasm and a kind attitude will help you accomplish what you need to do! Color in the Golden Rule Scroll!

It's possible to be happy, even  
when things get tough.

List things you like to do that makes you happy (then use that happiness to help you do the things you *need* to do)

This image shows a single sheet of white paper with horizontal ruling lines. The top edge of the paper is irregular and jagged, resembling a torn piece of paper. There are five visible horizontal lines across the page. The paper is set against a solid black background.[illegible]

You are a protector warrior and  
can help others to  
discover, learn, live and  
become!

Draw a picture of you showing another person respect
